

Think in Box

YouTube ' s layout is structured for easy navigation. The header contains the logo, search bar, and user icons for quick access. The sidebar on the left provides shortcuts to Home, Shorts, Subscriptions, Library and Footer. The main content area displays videos in a grid with thumbnails, titles, and channel names for easy browsing.

YouTube ensures a smooth user experience by keeping navigation elements accessible. The sticky header keeps the search bar and profile options always visible, while the sidebar allows quick section switching. The video grid enhances content discovery through recommendations and subscriptions, making browsing efficient and engaging.
